

# National Board Community of Practice Webinars 2024-25

## What is this?

The California Teachers Association’s (CTA) Instruction and Professional Development Department will be hosting a series of Community of Practice (CoP) for teachers who will be starting National Board Certification or renewing Maintenance of Certificate during the 2024-2025 school year. CoP sessions will be led by CTA members who are National Board Certified Teachers (NBCT). They will help participants access available resources, understand the certification process, and deeply engage the substance of National Board Certification.

## What’s involved?

Each Community of Practice session will include an exploration of key concepts/topics, practical application activities, resource sharing, and question and answer sessions. Participants will also have access to resources and component modules developed by the Stanford National Board Resource Center and CTA NBCTs. Attend any or all!

*All sessions are 4:30 pm to 6:00 pm*

**Maintenance of Certification (MOC) webinars are noted in (color).**
